UCSF ASIAN HEALTH INSTITUTE BILINGUAL HEALTH LECTURES

亞裔健康研究院雙語健康講座（英語和廣東話）

There are many different types of dementia, although some are far more common than others. Want to find out more? Dr. Richard Tsai will discuss the various symptoms of dementia beyond memory, the importance of depression in dementia management, non-pharmacological interventions and general “brain health” strategies to prevent memory loss.

Come and join us. This is a free and bilingual (English/Cantonese) lecture. All are welcome.
